Vision

Reveal. Stimulate. Activate

Vision – Objectives – Strategies

■ Preserve and Repurpose

Retrofit the protected alquerías and old mills, transforming them into the heart of the project. (Kindergarten & Centro de Formación)

■ Intergenerational Knowledge Transfer

Ensure traditional farming and water management techniques are passed down by creating shared spaces for children and adults.

■ Curate a Sequential Journey

Design the site's master plan as a narrative pathway that triggers sight, hearing, smell, taste, touch, and thought, beginning at the Turia Park threshold.

■ Hyper-Local Economy

Create a closed-loop system where on-site agriculture feeds the restaurant and market, with zero-emission logistics (carts, manual transport).

Site Program

Kindergraten

Training Center

Farm to table Restaurant

Farmer's Market

Vision

Understanding the Islamic Graden

■ Bustan & Rawda

- Flower Garden
- Production Garden
- Heaven on earth

■ Multi-functionality

- Clever use of limited spaces

■ Sensory Focused

- Engaging all senses in the worship

Vision

Strategies

■ Reveal

- The Turia Panorama
- Adaptive Reuse of Mills & Alquerías
- Transparent Agriculture

■ Activate

- Time-Share Programming
- Active Mobility Infrastructure
- The "Brain" as the Core

■ Stimulate

- | | |
|---------------------------------|--------------------------------|
| • Visual Cleansing (See) | • Gastronomic Hub (Taste) |
| • Acoustic Transition (Hearing) | • Tactile Commerce (Touch) |
| • The Aromatic Corridor (Smell) | • Knowledge Enrichment (Brain) |
